

# MONTHLY STUDY GUIDE

## ELEMENTARY ENGLISH IABPV

MAY 2024 | **GRADE 3** | **CLAUDIA TREJO**

This month we will be learning these things in English class:

ENGLISH	SCIENCE & SOCIAL STUDIES
<p><b>Unit 10: How do we take care of our body?</b>  <b>Learning objectives:</b>            I can understand most of the concrete details in informal conversations on familiar everyday topics.            I can scan simple text to find specific information.            I can act out a short dialog or role-play, given prompts.            I can use appropriate standard greetings and closings in simple informal personal messages.</p> <p><b>Vocabulary:</b> stomach, back, neck, shoulder, fever, bandage, take medicine, rest, pale, sick, muscle, skin, brain, heart, cold, cough, sneeze, vaccination, spread, save your life.</p> <p><b>Grammar:</b></p> <ul style="list-style-type: none"> <li>• “Has/have to” in statements with common verbs for obligation and necessity.</li> <li>• “Should (n` t)” to offer or ask for advice or suggestions.</li> </ul>	<p><b>Science Unit 8: What is sound?</b>            I will identify the source of a sound.            I will explain the difference between sound and noise.            I will identify loud, soft, high, and low sounds.            I will describe and classify sounds according to their volume and pitch.            I will recognize the shape of a compression wave.            I will describe how we hear sound.            I will explain how sound’s frequency affects the pitch.            I will explain how the intensity of a sound affects the volume.            I will investigate the negative effects of extremely loud noises.            I will investigate the uses of extremely high-pitched sounds.</p> <p><b>Vocabulary:</b> compression wave, high-pitched, loud, low-pitched, music, noise, soft, vibrate, volume.</p> <div data-bbox="808 1037 1425 1234" data-label="Image"> </div> <p><b>Social Studies:</b> Learn first aid</p>
MATH	PROJECTS
<ul style="list-style-type: none"> <li>• Multiplication tables.</li> <li>• I can identify the conventional representation of division.</li> <li>• I can do horizontal divisions.</li> </ul>	<p><b>English Project:</b> Make a poster about a disease. This project will be done at school. (No materials will be requested).</p> <p>Example:</p> <div data-bbox="1081 1507 1474 1801" data-label="Image"> </div> <ul style="list-style-type: none"> <li>• <b>Due date:</b> Thursday, May 30th, 2024</li> </ul>
