MONTHLY STUDY GUIDE
ELEMENTARY ENGLISH IABPV

NOVEMBER 2026 | **GRADE 6** | **BIXAANA HERNÁNDEZ**

This month we will be learning these things in English class:

ENGLISH

Unit 4: Why do we explore space?

Learning objectives:

I can identify specific information in detailed spoken dialogs.
I can identify the main idea of each paragraph in extended structured texts on familiar topics.
I can infer unstated information in simple stories or descriptive texts.
I can take part in a discussion on a topic of general interest.
I can choose appropriate words to convey specific meaning or effect.

Vocabulary: accomplished, astronomer, data, interstellar, launch, life form, mission, satellite, space probe, spacecraft, transmit, unmanned, acceleration, disaster relief, docking port, habitable, hatch, ignite, microgravity, protective, safety procedure, solitary, vibration, weightless

Grammar:

- I can use the Present Perfect Progressive with "for"/"since" and time expressions.
- I can distinguish between the Present Perfect and the Present Perfect Progressive.

SCIENCE & SOCIAL STUDIES

Science Unit 3: How do plants and animals adapt to survive?

Learning objectives:

I will describe the process of fossilization.
I will explain how scientists are able to learn about species that no longer exist.
I will explain how species evolved into different species over millions of years.
I will explain how fossils can tell us about changes over time in Earth's environment.
I will recognize adaptations in plants and animals that have helped them survive.
I will describe how specific characteristics are inherited in humans.

Vocabulary: archeological, characteristics, extinct, fossil, generations, geological, paleontologist, species, variation.

Social Studies: Work hard to achieve your dreams.
